

Raw Linseed Oil Technical Data Sheet

Description

Bartoline Raw Linseed Oil is suitable for all wood types and very water-resistant making it ideal for garden furniture and also stone floors, including terracotta tiling. It is a popular product with wood enthusiasts making it ideal for wooden sports equipment and musical instruments. Hardwoods such as Oak and Teak should be treated with Bartoline Teak Oil.

Preparation

Ensure that the surface to be treated is clean and dry. Remove any paint or stain with sandpaper. Wipe the surface with a cloth dampened with White Spirit to remove any grease or dirt. Treat any mildew etc. with Bartoline Fungicidal Wash.

Application

Apply Bartoline Raw Linseed Oil using a clean lint free cloth and rub in well, remove excess. For best results apply 2 or 3 coats allowing 24 hours between coats. The oil will take approximately 1 week to fully dry.

After Care

Soiled application cloths should not be left where they may constitute a fire hazard as they can be liable to self-igniting without warning. Immediately after use, wash all cloths with soapy water and dispose of safely outside. Clean equipment with Bartoline White Spirit.

Health and Safety

See MSDS for full information.

Technical Data

Measurement	Value	Test Method
Physical State	Liquid	Visual
Colour	Pale Brown	Visual
Odour	Distinctive oil type	
Flash point	>100°C	
VOC content	None	
Density	0.932-0.934
